1.2 Production processing

This dataset was produced by Belgium.

For more information see lineage and metadata of Belgium.

2 Release Information

2.1 Deviation from specification

No deviations from specification.

2.2 National specifics

The border between Luxembourg and Germany is situated on watercourses for most part of its length. These watercourses (Our, Sauer, Moselle) are condominiums of Luxembourg and Germany. These condominium areas are not portrayed in EBM due to the scale. It's in discussion if the condominiums will be included in future EBM releases.
